

FIBRE STARTM

A good dream A good night...

Product Features

Why Choose Fibre Star Mattress

Coconut Fibre

Natural coconut fibre has moisture reducing and ventilation ability which gives the sleeper a calming sensation and complete relaxation; an ideal for human spinal and relieving pressure.

Pocket Spring

The pocket spring function independently in the appropriate tension. It proves to be an ideal for orthopedic support and capable to minimize the effect of motion disturbance.

Latex Foam

The latex is features with natural elasticity that enables it to mould to sleeper body shape and recover its shape immediately when pressure is removed.

HD Foam

The structural of HD foam used in the mattress allows it to conform to the contours of the individual sleeping on the mattress.

Bonnell Spring

The bonnell springs are hard spring which are connected each other with a helical wire that make them less receptive in pressure.
